

Partner Platform

Greenlight Rent is a risk platform that protects your property from bad debt while increasing economic occupancy throughout the entire rental journey. We help you say “yes” to more renters without adding risk to your bottom line.

Our product suite covers renters at every stage of a renter’s journey. Built with precision underwriting, our policies size coverage to your renters’ actual risk profile, giving you the coverage you need while providing renters the best possible pricing. Each policy is completely renter funded, so there’s no added cost to your property, just added coverage.
